

KINDER CREATIVE ARTZ

Music, Dance & Art Program

See your toddler perform a musical version of The Very Hungry Caterpillar in The Music Studio's New Kinder Creative Artz Class!

With this wonderful story as inspiration, the class integrates music, dance and art in this innovative program. Children learn to sing and dance in the musical.

Children also explore their creativity by painting and helping to construct the props and backgrounds in an age-appropriate and adaptive way.

The children will present their production at the last class of the 10 week session.

Kinder Creative Artz Class Highlights:

Music - **Your child** will develop basic musical skills, sing songs, and play a variety of instruments.

Dance - **Your child** will explore expression, build confidence and establish a sense of independence.

Art - **Your child** will experience a sensory centred, stimulating and expressive program using their hands, tools and mixed mediums.
